

CHEMICAL SOLUTIONS THAT PERFORM

Engineered for the most challenging oil & gas environments to deliver protection, efficiency and reliability at every stage of the well life cycle.

WELL INTEGRITY

Protect equipment and infrastructure from corrosion, scale and deposits.

OPERATIONAL EFFICIENCY

Optimize production, flow assurance and system performance.

COST OPTIMIZATION

Reduce downtime, extend asset life and lower total cost of ownership.

SUSTAINABLE PERFORMANCE

Environmentally responsible solutions that meet global standards.

Trusted Chemistry.
Stronger Operations.
Sustainable Results.

CHEMICAL PRODUCT PORTFOLIO

A comprehensive range **engineered** to meet every challenge.

CORROSION CONTROL

- Corrosion Inhibitors
- Oxygen Scavengers
- Biocides

SCALE CONTROL

- Scale Inhibitors
- Scale Dispersants
- Chelating Agents

FLOW ASSURANCE

- Paraffin Inhibitors
- Pour Point Depressants
- Asphaltene Dispersants

EMULSION MANAGEMENT

- Demulsifiers
- Emulsion Breakers
- Coalescers

OUR SERVICE CHEMICALS

- H₂S Scavengers
- Iron Control Agents
- Neutralizing Amines

SPECIALTY CHEMICALS

- Hydrate Inhibitors
- Viscosifiers & Thinners
- Performance Additives

ENVIRONMENTAL SOLUTIONS

- Low Toxicity Formulations
- Discharge Control
- Green Chemistry Options

PRODUCTION OPTIMIZATION

- Production Enhancers
- Wettability Modifiers
- Drag Reducers

TYPICAL APPLICATIONS ACROSS THE VALUE CHAIN

Our chemicals deliver measurable value in every stage of your operations.

DRILLING

Ensure wellbore stability, protect equipment and optimize mud performance.

COMPLETION & WORKOVER

Protect tubulars, control scale and ensure clean, efficient operations.

PRODUCTION

Enhance flow assurance, maximize recovery and reduce production downtime.

PIPELINES & TRANSPORTATION

Prevent corrosion, scale and hydrate formation during fluid transportation.

STORAGE TERMINALS

Maintain product quality, prevent microbial growth and corrosion in storage tanks.

WATER TREATMENT

Provide effective treatment solutions for produced water and utility systems.

QUALITY ASSURANCE & CERTIFICATIONS

Deepwells is committed to delivering products of the highest quality. Our quality management system ensures consistency, traceability and compliance with international standards.

ISO 9001:2015

Quality Management System

ISO 14001:2015

Customer
Confidence

Strategically positioned to deliver the right products,
to the right place, at the right time.

GLOBAL PRESENCE

Serving clients across
key oil & gas regions.

RELIABLE SUPPLY CHAIN

Strong network of suppliers
and logistics partners.

FLEXIBLE PACKAGING

Customized packaging solutions
to meet your needs.

ON-TIME DELIVERY

Commitment to schedule
and operational continuity.

SAFETY & COMPLIANCE

Transport and handling in line
with international regulations.

Delivering performance
around the world.

INDUSTRIES WE SERVE

Deepwells' chemical solutions are trusted across a wide range of industries where performance, reliability and safety matter most.

OIL & GAS

Drilling, completion, production, and midstream operations.

PETROCHEMICAL

Process chemicals for refining, petrochemical and downstream plants.

WATER TREATMENT

Solutions for industrial water, wastewater and reuse systems.

PIPELINES & TERMINALS

Protection against corrosion, scale and hydrate in transport systems.

MINING & MINERALS

Chemical solutions for extraction, processing and tailings management.

OUR PRODUCT PORTFOLIO

A comprehensive range of high-performance chemical solutions engineered to optimize your operations and protect your assets.

DRILLING CHEMICALS

- Drilling Fluids & Additives
- Shale Inhibitors
- Lubricants
- Lost Circulation Materials

COMPLETION & WORKOVER CHEMICALS

- Scale Inhibitors
- Corrosion Inhibitors
- Cleaners & Solvents
- Acidizing & Stimulation Chemicals

PRODUCTION CHEMICALS

- Corrosion & Scale Inhibitors
- Demulsifiers
- Paraffin & Wax Inhibitors
- Biocides

PIPELINES & TRANSPORTATION CHEMICALS

- Corrosion Inhibitors
- Dehydration & Deicing Agents
- Scale & Hydrate Inhibitors
- Pigging Lubricants

STORAGE TERMINALS CHEMICALS

- Tank Bottom Cleaners
- Corrosion Inhibitors
- Biocides
- Emulsion Breakers

WATER TREATMENT CHEMICALS

- Coagulants & Flocculants
- Dispersants
- Scale Inhibitors
- Biocides

SPECIALTY CHEMICALS

- Oxygen Scavengers
- pH Adjusters
- Surfactants
- Performance Additives

CUSTOM FORMULATIONS & SOLUTIONS

- Tailored Solutions
- Application Support
- Technical Expertise
- On-Site Optimization

RESEARCH & DEVELOPMENT

At Deepwells, innovation drives everything we do. Our R&D team is dedicated to developing advanced chemical solutions that address industry challenges and deliver measurable results.

INNOVATION DRIVEN

Developing advanced formulations to solve complex challenges.

ADVANCED LABORATORIES

State-of-the-art facilities for research, testing and analysis.

PERFORMANCE FOCUSED

Solutions designed to improve efficiency, reliability and asset integrity.

EXPERT TEAM

Experienced chemists and engineers committed to your success.
